Special Guest Speaker:

Kerrie Percy

Kerrie is a Nikken Diamond Wellness Consultant, the mother of five and grandmother of one. She is a sought after leader, speaker and supporter of all who want to create personal freedom. She has been leading teams and sharing the Nikken wellness technology products ever since they helped her recover from a chronic health challenge.

Kerrie built her global business based on serving and helping others to see the value of feeling well naturally. She has changed thousands of lives by offering health and freedom with the Nikken offerings. Kerrie will share her personal vision, Nikken's philosophy of the 5 Pillars of Health and how the products empower individuals to practice self-care in an increasingly toxic environment.
